

Gosport Borough Council
Integrated Impact Assessment (IIA)

Completion Instructions for IIA Leads:

Use this IIA **during development** to initially assess the likely impact, on both customers and staff, of a proposed new policy, strategy, function or service or a proposed change to an existing one. This IIA aims to provide an early warning of any potential issues that could adversely impact our customers or staff or result in costly errors in terms of financial or reputational management. Evaluating the proposed changes against our key considerations regarding equality & diversity and climate change allows us to modify or mitigate any adverse impacts **before** implementation. It also demonstrates transparency in the Council’s decision making. It is a working document with named Subject Expert Officers (SEOs) who can support you - as the IIA Lead, through this process. Please do ask the SEOs for advice about potential impacts.

Impacts in the template are marked: +ve (positive) -ve (negative) or neutral. Once completed the IIA must be signed off by your Head of Service and a summary copy attached to the Board or Committee report. Officers have a Duty to ensure that Councillors/decision makers understand the impact of decisions before those decisions are made.
