

COMMENTS ON DRAFT HIGH STREET CONSERVATION AREA APPRAISAL + MANAGEMENT PLAN

Ref	Does the respondent support the designation	Representation What did the respondent say?	Officer Comment Head of Conservation & Design	Recommendation What action is required?
1	No	<p>2. What is the point? Gosport is a dead town, unless you can get the vacant shops filled up with viable businesses that will attract people to gosport then money is again being thrown down the drain by GBC. The towns population have very little faith in GBC. I am the REDACTED and we see thousands of gosport residents every month, we have not heard a good word about what the council do. You do not listen to the people of gosport who just want the condition of the roads looking after, the litter picked up and the green areas/flower beds maintained. But you fall short of this all the time. We were due to have the flower beds alongside Burham walk done last spring, but nothing was done. We had a letter saying planting would commence on 25th January this year, now its the 28th and nothing has happened! And 2 flower beds have been missed on the plans, only 6 out of 8 are due any attention. Falling short all the time. Time for drastic change to the leadership of the town.</p> <p>3. No further comments given</p>	<p>Not relevant or material. The purpose of the documents is to guide development that will preserve or enhance the areas.</p>	<p>None.</p>
2	Yes	<p>2. I like the idea of having plants and or street furniture in Lawrence Square and around</p> <p>3. No further comments given</p>	<p>Noted.</p>	<p>None.</p>
